Echoes From Sick Room.

Fred C. Carr received a telegram yesterday afternoon from Colorado Springs, Colo., announcing the serious illness of his brother, Bert Carr. Mr. Carr was a member of a surveying corps that was making Colorado Springs headquarters. The telegram stated he was scarcely expected to survive. His mother left last night for his bedside. Bert Carr is an Ardmore boy and is well known here.

Mrs. S. E. Wallace received a telephone message from Sulphur last night which stated that her mother Mrs. Easley, was quite sick in Sulphur. Mrs. Wallace will go to Sulphur today.

MUNDRELL ALLOWED BAIL

ONE OF THE ALLEGED SLAYERS OF AIRRINGTON SECURES BOND.

Marion E. Mundrell, who is charged with the killing of a man by the name of Airrington some months ago at Graham, was released from the county prison last evening at six o'clock. H. H. Brown, his attorney, sued out a writ of habeas corpus and succeeded in getting a bond of \$5,000 allowed. The judge fixed the bond at 10 o'clock yesterday morning and at once Mr. Brown communicated by telephone with the friends of Mr. Mundrell in the Cornish and Poolville communities and an idea of the promptness of their response can be gathered from the fact that by 5 o'clock last evening the bond had been signed with sufficient number of sureties and the prisoner was released. Those who responded to the aid of Mr. Mundrell were J. A. Cummins, E. B. Turner and H. F. Mundrell of Cornish and L. B. Cannon of Poolville. These gentlemen state without hesitation that Mr. Mundrell was not in any way connected with the crime with which he is charged. This assertion that he went to Texas to escape from the law is exploded in the fact that Mr. Mundrell has for three years owned a farm in West Texas where he had gone and he has during that three years intended to move to that country as soon as he was able to do so.

HUGO A COMING CITY

WATERWORKS BONDS RECENTLY FLOATED AND IMPROVEMENTS CONTEMPLATED.

"Hugo is a coming city and in the course of a few years will be one of the leading cities in the state," were the remarks made by Col. Sidney Suggs, who returned from a business trip to that city Saturday night. The people are awake in Hugo and only a few days ago floated bonds in the amount of \$150,000, which funds will be used in installing a waterworks system for that city. The bonds were sold to a Chicago house last Tuesday and the money will be forthcoming within a very short time. Another good thing about Hugo, and that is the aid is on right with the officers of that county sitting on the lid keeping it on. While on the trip Col. Sidney secured quite a large number of additional yearly subscriptions to the paper and in next Sunday's Ardmoreite will be found an extended write-up of that thriving little city that is making so many improvements in way of buildings and municipal affairs.

Lone Grove Benefit.

The citizens of Lone Grove and the surrounding country will have the pleasure of hearing the best musical talent of Ardmore next Saturday evening, when the High School orchestra under the direction of Sol Lowenstein, will give a concert at Lone Grove school. The orchestra will be assisted by Misses Moorman and Hanna, the one a reader and the other a vocalist.

The party will leave here Saturday afternoon so as to be at Lone Grove early in the evening.

EXCHANGE WILL CLOSE

THIS WEEK ON ACCOUNT OF THE PROBABILITY OF ADVERSE LEGISLATION IN STATE.

This is the last week that the exchange that has been conducted by H. T. Rutherford & Co., will be run, the same is to be closed about Thursday. The exchange that has been run by Mr. Rutherford and his partners is the oldest one in the state and is connected with the Chicago, New York and New Orleans exchanges by private wires. The cause assigned for closing this early is the probability of the passage of the anti-option law that has been introduced in the legislature of this state which is similar to the one that has been introduced in the various legislatures of the different states of the union. Another cause assigned that also in view of the adverse legislation that is spreading over the country, the exchange could not be run this summer without a loss to its owners, and hence the close.

It is a matter of much regret to the local cotton men that the exchange has to be closed as well as to the farmer who watches the board before he sells his cotton.

When the exchange closes it will also mark the close of the rooms of the domino club that has held its daily meetings in the exchange.

Can't you be down at the Wonder Store Monday and get your summer supply of Bleached Vests, worth 15c at the Xtra Special Sale price 7 1/2c each.

Her Prediction True.

Madame Emmett, the clairvoyant and spiritual medium, undoubtedly gifted with an insight regarding the future. When in Oklahoma City last May this dainty little woman foretold the election of Governor Haskell and predicted statehood for Oklahoma and Indian Territory. While in Oklahoma City she also predicted that the state would go prohibition. Many peculiar and mysterious occurrences have been traced by this lady now at the Gilmer Hotel.

Small Number Registered.

At the close of office hours of the city clerk yesterday afternoon only 508 out of a possible 2200 voters had signed their intention of taking part in the city election to be held in this city in April. This is the smallest number that has ever registered up to this time since Ardmore has been a city of the first class.

Clerk Geo. H. Bruce announced that during the next week the books would be kept open until 5 o'clock every night so as to give the voter of Ardmore a chance to register. The books will be closed promptly at 3 o'clock Friday night.
